Independent Auditors' Report
(Translated from the original in Greek)

To the Administrators of Non-Governmental Organization
BETTER DAYS GREECE

Audit Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of Non-Governmental Organization BETTER DAYS GREECE (the "Entity") which comprise the condensed statement of profit or loss as at 31 December 2020 and the relevant notes.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial performance of Non-Governmental Organization BETTER DAYS GREECE as at 31 December 2020 in accordance with the provisions of Law 4308/2014, as applicable.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs), which have been incorporated in Greek legislation. Our responsibilities under those standards are further described in the "Auditors' Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Entity in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants, which has been incorporated in Greek legislation, and the ethical requirements that are relevant to the audit of the financial statements in Greece and we have fulfilled our ethical responsibilities in accordance with the requirements of the applicable legislation and the aforementioned Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

The accompanying financial statements have been prepared in order for the Entity to comply with its obligations deriving from the Joint Ministerial Decision (JMD) number 10616/2020 (Government Gazette 3820/B/9-9-2020): "Determining the operation of the «Register of Greek and Foreign Non-Governmental Organizations (NGOs)» and the «Register of Members of Non-Governmental Organizations (NGOs)», which are active in matters of international protection, immigration and social integration within the Greek Territory".

Responsibilities of the Administrators for the Financial Statements

The Administrators are responsible for the preparation and fair presentation of the Financial Statements in accordance with the provisions of Law 4308/2014, as applicable, and for such internal control as the Administrators determine is necessary

to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Administrators are responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Administrators either intend to liquidate the Entity or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs, which have been incorporated in Greek legislation, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, which have been incorporated in Greek legislation, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Administrators.
- Conclude on the appropriateness of the Administrators' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements

represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Administrators regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Restriction of use

This Audit Report is solely addressed to the Administrators of the Entity, in the context of the Entity's compliance with its obligations deriving from the Joint Ministerial Decision (JMD) number 10616/2020 (Government Gazette 3820/B/9-9-2020). Therefore, this Report should not be used for any other purposes or distributed to any third parties other than the Greek Ministry of Immigration and Asylum.
